

Indiana Department of Education

SUPPORTING STUDENT SUCCESS

MEMORANDUM

TO: Superintendents

FROM: Jeff Zaring, Chief of Results and Reform

DATE: January 26, 2010

SUBJECT: 2009 Annual Performance Report

The Department of Education has established February 9 – 25, 2010, as the publication period for the 2009 Annual Performance Report. As we have in the past, we will make the report available to school corporations several days before the publication period begins and will notify you when the information is available. We anticipate that the report will be publicly available on February 8. While newspapers and the public will have access to the Web site on which the report is posted, it is the school corporation's responsibility to notify local newspaper(s) and authorize the publication of the Annual Performance Report.

Please remember that [Indiana Code 20-42.5-3-5](#) requires school corporations to set 2009-2010 expenditure goals for each of the following categories: Academic Achievement, Instructional Support, Overhead & Operations and Nonoperating. Data from 2007-2008, the latest year for which the information has been compiled and the data that will be included in the 2009 report, are available at <http://www.in.gov/omb/2493.htm>. Please contact me at jzaring@doe.in.gov if you have questions.
